

Austrian Airlines AG, Office Park 2, Postfach 100,
1300 Wien-Flughafen, Österreich

Aug. 2008

To whom it may concern

Austrian Airlines, Hydraulic & NDT Shop at Vienna Airport operates the following equipment delivered by KUNZ GmbH aircraft equipment:

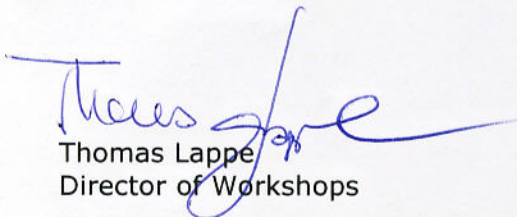

- KUNZ UBB Universal BeadBreaker (2 ea.)
- KUNZ UTT Universal Torque Tool (2 ea.)
- KUNZ BTS-E Brake Test Stand

In our wheel & brake shops we operate equipment manufactured by KUNZ since 1995. During this time the equipment worked to our full satisfaction.

KUNZ also provides perfect product service and equipment maintenance support to Austrian Airlines.

We look forward to continue with this successful cooperation in the future.

Kind regards,

Thomas Lappe
Director of Workshops
